

Fall Festival Lost and Found

I have the following items in my possession from the Fall Festival:

- One metal pan (had brownies in it) with a plastic cover
- One red rubber spatula
- One Glad tupperware that used to contain couscous

Let me know if any of these are yours (NetID: meg35). Please use Nickipedia to post any other lost items, or feel free to email me (though I don't have anything else aside from what's listed above).

Thanks!
