EWH at Duke gives students design project experience and teach practical electronics skills. There are projects available for all ability levels and members are presented with a great opportunity to learn from upperclassmen as well as professors. To learn more about the EWH Summer Institute, see the EWH National website.

Projects

- ECG testers
- Oxygen concentration tester
- Portable refrigeration
- Pulse-oximeter
- X-ray development timer

To get editing access to the Wiki

1. Log into http://wiki.duke.edu (upper right-hand corner) with your NetID and Duke password so you are recognized by the general Wiki server.
2. Place a comment at the bottom of this page with your name and NetID so Jared can add you to the EWH Wiki.
