

Div Student looking for housemate(s)

Hello folks:

This is from Charlotte Clark, faculty in the NSOE, and I am posting on behalf of my son, Banks Clark, who will be starting a two-year Master of Theological Studies at the Div School this fall. He would like to find a housemate (or two) for the fall, and I thought I would poll this group as well as the efforts he's making through the Div School. He is actively looking for places, although is happy to join in to an existing house if the opportunity presents itself. If anyone is interested, let me know and I'll put the two of you in touch.
