

# Electronic Resources 2010

[Dechonization](#) (a blog about comparative methods)

The R for Phylogenetics [Hackathon](#) (NESCent resource on R for Phylogenetics)

Bodega Bay Phylogenetics [Workshop](#) (lectures and problem sets)

The [Comparative Primatology Research Group](#) (Charlie's lab web pages)

[Time Tree](#) (divergence times)

[10kTrees](#) (primate phylogeny)

[Phylogenetic targeting](#) (identifying species to study in the future)

[PhyloDiversity](#) (various researchers and resources)

[CRAN Task View](#) (overview of statistical packages in R)

[Brian O'Meara's](#) site (comparison of packages, other info)

[R-Sig-Phylo](#) (listserv for R-phylogenetics, worth checking out!)

[The Comprehensive R Archive network](#)

[R-Seek](#)
